1/100 ARCHITECTURAL MODEL ACCESSORIES SERIES No.11 Cherry Blossom

Good news for designing office staff who pull off all-nighters!! It's a cherry blossom viewing version, the eleventh shot of the Architectural Model series, which you can easily assemble simply by tearing off the precut parts. "Put some pretty blossoms on that old bare tree..." The trees and blossoms are made separately so you can enjoy bringing spring to your scene one blossom at a time. The simple modeling, which omits fine details, is also highly versatile and complements the sense of scale.

Including: Hanasaka Grandpa, Pochi-the-dog, box lunch, bottle of sake, karaoke machine, picnic blanket, boss, new hire otsubone (office 'grand dame') and soon.
