1/100 ARCHITECTURAL MODEL ACCESSORIES SERIES No.12 Construction Site

Good news for designing office staff who pull off all-nighters!! It's a construction site version, the twelfth shot of the Architectural Model series, which you can easily assemble simply by tearing off the pre-cut parts. Recreate a 1/100 scale construction site complete with workers going about their jobs. Attention architects! If your design isn't ready by the deadline, why not show it as a work in progress?! The simple modeling which omits fine details is highly versatile and accentuates the sense of scale.

Includes: scaffolding, fence, cones, wheelbarrow, spade, workers, lifelines, survey instruments, ashtrays, and more.

Price : ¥1,500

Size | Package : 170×110 Main body : 148×103

Main body : TANT Mount : DK white (milk carton recycled paper)

Color : Black / White / Yellow ■ □ ■
