1/100 ARCHITECTURAL MODEL ACCESSORIES SERIES No.16 CENOZOIC · Pleistocene [Ice age] The Mammoth era

Good news for design office staff who pull off all-nighters!! CENOZOIC, the 16th installment of the pre-cut Architectural Model Series has arrived. Simply detach and assemble. Extinct animals from the Cenozoic-Pleistocene (Ice age) periods have been chosen by precise geological age and recreated in 1/100 scale under supervision by researchers. Compare with other items from the 1/100 scale ACCESSORIES series to illustrate the size of these extinct animals, and be awed by the scale of time.
