1/100 dress-up stickers for ARCHITECTURAL MODEL ACCESSORIES SERIES No.1 Basic

Good news for designing office staff who pull off all-nighters!! These dress-up stickers for Architectural Models. These are perfect for architects who want to proceed with meetings in a friendly atmosphere, or those in charge of modeling who wish to escape from reality due to overwork. Including items based on people who come and go in the street corners of Tokyo. The simple modeling, which omits fine details, is also highly versatile and complements the sense of scale.
